October 21st, 1922. Barbara further states that on August

Re Mills - seen
31st, 1922 at about 2:30 P.M., she left the Halls house got the bus on Bayard and George Streets and rode to Buccelough Park, reached there at about 3:30 P.M. Got off the bus. In the mean time the trolley car in front of the bus, and about 50 to 75 yards ahead, Barbara noticed Mrs. Mills walking in the direction of the Parker house. Barbara caught up with her and said "Hello where are you going?" and Eleanor answered just out a little way to see friends. She then asked Barbara where she was going and Barbara answered the Parker house. They walked together and when they reached the Parker house Barbara asked Eleanor if she had much further to go and Eleanor said no just a little bit further up the hill. Both then parted. Barbara went to the Parker house and Eleanor went ahead. At this time she was carrying two large magazines and one little white package tied in tissue paper with a narrow red ribbon, which looked like a Christmas package. Also a brune brown box. She arrived at the parker house at about 3:45 P.M. Also that on Friday September 1st, (next day) Mrs. Hall said to Barbara, were you caught in the storm, Barbara answered yes and I got an awful drenching. I wonder how Eleanor fared. She then told Mrs. Hall about walking up to the Parker House with Eleanor, and Mrs. Hall said she did not know Eleanor had friends out there, saying I thought she was going to the dentist yesterday, and saying she has been complaining of an infected tooth lately. Barbara said I never saw Eleanor look better in her life. Further that Mrs. Mills and Mrs. Clark would clean the church together and someone said that Mrs. Mills pushed herself forward by cooking Mr. Hall's meals while at Camp Pleasant. The owner of Mr. Anthony's house is a Mrs. McEwin.

On October 21st, 1922 Louise Geist on this day heard from Mrs. Bennett that Hall and Mrs. Mills had been seen out at Buccelah Park and that Mrs. Bennett got this information from Mrs. Van Duesen. Mrs.
